Certificado ISO 9001 por

DECLARATION OF CONFORMITY - EC

Description of Pressure Equipment PNEUMATIC ACTUATORS BI-DIRECTIONAL TRAVEL STOPS

Model	Sizes	Max. working pressure	Series
ADA	10,20,40,80,130,200,300,500	8 bar	Double Acting
ASR	850,1200,1750,2500,4000	8 bar	Spring Return

Body Material : Aluminium

Working conditions: Max. Pressure 8 bars, Temp. min -30 °C, max. +100 °C

Conformity assessment procedure followed :

Size 500 up to 4000: Equipment classified according to the chart 2 in Annex B as Category I, procedure Module A , CE marking affixed.

Sizes 10 up to 300 : Equipment classified according to the chart 2 in Annex B as Category SEP, CE marking must not be affixed to SEP equipment.

Notified Body which carried out the inspection : Do not required

Harmonised standards used : as far none issued .

No Harmonised Standards and Specifications used: See ACTREG Catalogue and Assembling and Maintenance Manuals .

ACTREG S.A.

Declares that the referred pneumatic actuators, classified as pressure vessels, have been designed and manufactured into the European Union in accordance with the requirements of the Pressure Equipment Directive 97/23/EC and are in conformity with national implementing legislation.

Note: When the pneumatic actuator assemble accessories which require submittal to other Directives they will be labelled with CE mark and to the Declaration of Conformity of ACTREG will be joined the declaration of Conformity of manufacturer of accessory. And a system of protection of mounting bracket will be assembled to meet the Machinery Directive 89/392/EEC.
